Public Notice for City of Viroqua

Citing the increasing community spread of Covid-19, the Viroqua City Council recommends all residents follow these Wisconsin Department of Health Service guidelines: “Be safe and stay healthy this Halloween to slow the spread of COVID-19. Remember that large gatherings and close contact with people outside of your household increase your risk. So, this year, find new ways to celebrate that don’t involve big in-person parties or traditional trick-or-treating.” Given the recommendations, the City Council has voted to cancel citywide trick-or-treating in the City of Viroqua for 2020.
