

APPLICATION FOR LEAD SERVICE LINE REPLACEMENT

Viroqua Water Utility, in conjunction with Wisconsin Department of Natural Resources, is offering a lead service replacement grant program for homes in the City of Viroqua. This application is to determine eligibility under this program. The Viroqua Water Utility can provide a grant of 100% of the cost up to a maximum of \$3,000 for replacement of lead or galvanized water service lines when completed in conjunction with work performed by the City of Viroqua for removal of galvanized water services on the City side of the service (i.e. from the curb stop to the watermain).

Applicant Name: _____

Property Owner: _____

Property Address: _____

Mailing Address: _____

Phone Number: _____

Email Address: _____

I have _____ personally inspected/_____ had a licensed plumber inspect the water service line at the above address (from the point of entry into the building to its connection with the water meter) and have determined that the water service is lead or galvanized.

I understand and allow the Viroqua Water Utility access to my indoor water supply line to verify that I have a lead or galvanized service line.

I understand that I am required to obtain a minimum of two quotes from the Viroqua Water Utility's prequalified list of plumbing contractors & shall submit them at the time I sign the agreement.

I understand that signing this application does not bind me or the Viroqua Water Utility to proceed with the funding or work until this application is approved and the "Lead Service Line Replacement Agreement" is signed by all parties.
