

Winter Ordinances

The City of Viroqua would once again like to remind everyone of their responsibilities related to winter weather.

Sidewalk Removal

All property owners are responsible for removing snow and ice from any sidewalks that abut their property and a street. The City ordinance requires the full width of the sidewalk to be cleared within 24 hours after it has ceased to snow. Property owners not in compliance will be cited and required to pay additional penalties if the City is required to bring the sidewalk into compliance.

On-Street Parking

On-street parking is not allowed during a Winter Snow Event which is defined as a snowfall of 1.5 inches or more. During that time, all vehicles must be removed from on-street parking until the City street crews have removed the snow to the curb line. There are additional restrictions for on-street parking in the downtown area to allow crews to haul the snow in the following days. For additional details, please visit the City's website at <https://viroqua-wisconsin.com/new-parking-regulations>. To receive alerts on future Winter Snow Events, sign up for NIXLE by texting your Zip Code to 888777.

The city continues to experience a high number of vehicles not in compliance with the ordinance. Vehicles not in compliance are subject to being ticketed and towed. Vehicle owners will be cited and required to cover the cost of towing.
